### Section 1

Star Wars character Not to be confused with Ren (Star Wars) or Kybo Ren. Fictional character Kylo RenStar Wars characterKylo Ren, as he appeared in Star Wars mass mediaFirst appearanceThe Force Awakens (2015)Created by Lawrence Kasdan J. J. Abrams Michael Arndt Portrayed byAdam DriverVoiced byAdam Driver (Disney Infinity 3.0, Lego Star Wars: The Force Awakens, archive audio on Star Wars Rebels)[1]Matthew Wood (Star Wars Resistance; masked in Star Wars Battlefront II)Roger Craig Smith (Star Wars Battlefront II)In-universe informationFull nameBen SoloSpeciesHumanGenderMaleTitleKylo RenOccupation Jedi Padawan Supreme Leader of the First Order Master of the Knights of Ren Hereditary Prince of Alderaan[2] Supreme Governor of Birren[2] Affiliation Skywalker family Jedi Order First Order Knights of Ren Sith Eternal FamilyHan Solo (father)Leia Organa Skywalker (mother)Relatives Anakin Skywalker (maternal grandfather) Padmé Amidala (maternal grandmother) Luke Skywalker (maternal uncle) Shmi Skywalker (maternal great-grandmother) Bail Organa (adoptive maternal grandfather) Breha Organa (adoptive maternal grandmother) DyadRey (love interest)[3][4][5]MasterLuke Skywalker (as a Jedi)Snoke (in the dark side)Darth Sidious (secretly)[6]Homeworld Alderaan[2] (destroyed) Chandrila[7] (born) Kylo Ren (real name Ben Solo) is a fictional character in the Star Wars franchise. He first appeared as the main antagonist of Star Wars: The Force Awakens (2015), in which he is portrayed by Adam Driver. Driver reprised his role in the sequel films Star Wars: The Last Jedi (2017) and Star Wars: The Rise of Skywalker (2019), with the character also appearing in Star Wars Resistance (2018–2020), The Lego Star Wars Holiday Special (2020) and Lego Star Wars: Terrifying Tales (2021). Ren is the son of original Star Wars trilogy characters Han Solo and Princess Leia Organa. Though initially trained as a Jedi by his uncle Luke Skywalker, Ben was seduced to the dark side of the Force by Supreme Leader Snoke, and aspires to be as powerful as his grandfather, the Sith Lord

### Section 2

Darth Vader / Anakin Skywalker. Throughout the sequel trilogy, Kylo Ren serves as the master of the Knights of Ren,[8] a warlord of the First Order, and both an adversary of and romantic interest for Rey.[3][4][5] After he kills Snoke and usurps his position as Supreme Leader, Ren discovers that he shares a connection with Rey called a 'Force dyad'[9] and is eventually redeemed when he sacrifices himself to help Rey defeat the revived Emperor Palpatine. In addition to appearing in the films and television series, Kylo Ren has also appeared in related media and merchandising. Driver's performance has received acclaim from critics and fans. For his performance in *The Force Awakens*, Driver won the Saturn Award for Best Supporting Actor, making him the first *Star Wars* actor since Alec Guinness to win the award. Driver received a second nomination in the same category for his performance in *The Rise of Skywalker*. Concept and creation[edit] JJ Abrams requested that the character's mask be designed to be memorable to a child.[10] As late as March 2014, the film's main antagonist was only known to the production team as "Jedi Killer", and had gone through numerous unapproved design attempts, one of which was reused for Captain Phasma. The same month, Glyn Dillon's design for the character's costume was finally approved.[11] According to Abrams, "the design was meant to be a nod to the Vader mask",[12] and concept designer Doug Chiang says that the character "takes on [the] persona of [Vader] to haunt Luke".[13] According to *The Force Awakens* costume designer Michael Kaplan: "I don't know if it was the kind of spaghetti type lines on it or what, but the next time J.J. [Abrams] came by that was what we presented to him and he loved it. Also the silver in those

### Section 3

lines kind of reflects and changes color with the action. You know, if he's standing in front of fire you

## Kylo\_Ren Wikipedia Content

see that, so it almost brings you into the mask."<sup>[10]</sup> Driver's casting in the film in an unnamed role was first announced on April 29, 2014.<sup>[14]</sup> Kylo Ren was first seen from behind, but still not named, in the 88-second *The Force Awakens* teaser trailer released by Lucasfilm on November 28, 2014,<sup>[15]</sup><sup>[16]</sup> wielding a jagged red lightsaber with a crossguard.<sup>[17]</sup><sup>[18]</sup><sup>[19]</sup> The name Kylo Ren, as well as the character's design, was revealed by *Entertainment Weekly* in a Lucasfilm-designed Topps-style trading card mock-up on December 11, 2014; a character named "Kybo Ren" was previously featured in the 1985 animated series *Star Wars: Droids*.<sup>[20]</sup><sup>[21]</sup> A May 2015 *Vanity Fair* photo shoot by Annie Leibovitz confirmed that Driver would be portraying Kylo.<sup>[22]</sup> According to other cast members, Driver is a method actor, meaning that he sometimes stayed in character on set as Ren and left his mask on between scenes.<sup>[23]</sup> Driver explained that his goal was "to forget you're in *Star Wars* and treat it like any other job that's filled with moments and problems", because from the perspective of the characters living within the film's universe, "Darth Vader is real."<sup>[23]</sup> Character<sup>[edit]</sup> JJ Abrams told *Empire* in August 2015, "Kylo Ren is not a Sith. He works under Supreme Leader Snoke, who is a powerful figure on the dark side of the Force."<sup>[24]</sup> Abrams had previously stated that the character "came to the name Kylo Ren when he joined a group called the Knights of Ren."<sup>[12]</sup><sup>[a]</sup> Robbie Collin of *The Telegraph* described Ren as "a hot-headed, radicalised dark side extremist, whose red lightsaber splutters and crackles as violently as his temper".<sup>[26]</sup> Abrams noted, "The lightsaber is something that he built himself, and is

### Section 4

as dangerous and as fierce and as ragged as the character."<sup>[12]</sup> The *Telegraph* also explains that Ren's wild and erratic temper and "angsty" instability make him dangerous.<sup>[27]</sup> Melissa Leon of *The Daily Beast* describes Ren's use of the Force as "formidable", citing his ability to stop a blaster shot mid-air, immobilize victims and probe their minds against their will.<sup>[28]</sup> Kasdan told *Entertainment*

## Kylo\_Ren Wikipedia Content

Weekly in August 2015, "I've written four Star Wars movies now, and there's never been a character quite like the one that Adam [Driver] plays. I think you're going to see something that's brand new to the saga," noting that the character is "full of emotion".[12] Abrams explained, "I think that what makes Ren so unique is that he isn't as fully formed as when we meet a character such as Darth Vader...[Kylo Ren] is not your prototypical mustache-twirling bad guy. He is a little bit more complex than that." [12] Driver said in December 2015 that, despite the visual similarities to Darth Vader, Ren is "unlike any villain the franchise has seen".[29] He explained: "I feel there's a recklessness about him that's maybe not normally associated with the Dark Side. You normally think of order, and structure, and full commitment and no hesitation...he's just a little bit more unpolished. It's in his costume, in his lightsaber?how you kind of get the sense that it could just not work at any moment; that it could just blow up. That's kind of like a big metaphor for him." [29] Driver claimed that he was privy to several details of Kylo Ren's backstory during the making of the films. According to Lev Grossman, who interviewed the actor in the lead-up to *The Rise of Skywalker*, Driver reported that ?both Han Solo and Leia were way too self-absorbed and into this idea of

## Section 5

themselves as heroes to really be attentive parents in the way a young and tender Kylo Ren really needed.?[30] The backstory of how Ben Solo became Kylo Ren was elaborated upon in a prequel graphic novel titled *The Rise of Kylo Ren* (written by Charles Soule and illustrated by Will Sliney), which was published and released by Marvel Comics from December 18, 2019, to March 11, 2020.[31] Certain aspects of Kylo Ren's overall arc across the three films of the sequel trilogy were also known to Driver from the start of production on the first film. He claimed that he "had one piece of information of where it was all going...and things were building towards that".[32] He later clarified: "J.J. Abrams told me when I met him for the first time that I should imagine a journey of a

## Kylo\_Ren Wikipedia Content

character completely opposite to Darth Vader...someone who starts as a child and becomes a man over the course of three movies. He becomes closer to his convictions, becomes more assured about his choices, but has metaphorically and physically killed his father to become his own person." [33] When asked by IGN in December 2017 if he believed Kylo Ren was capable of redemption, Star Wars: The Last Jedi writer/director Rian Johnson replied, "Yeah...are you kidding? Darth Vader was worse than Kylo ever was, I think, and Vader got redeemed." [34] Citing the complexity of the character, Johnson articulated, "I don't see the point of trying to get behind his mask and learn more about him if all we're going to learn is 'Yeah, he's just an evil bad guy that needs to be killed.'" [35] Star Wars: The Rise of Skywalker co-writer Chris Terrio also supported this position through comparing Kylo with Darth Vader. According to Terrio, "Vader was complicit in genocide and cruelty

## Section 6

and depravity. Yet there is this inherent optimism in Star Wars that the light in you is never truly gone. That you can still redeem yourself right up until the last minute ? which, in Vader's case, was literally true...Leia never really gave up hope that Kylo could be redeemed, and she knew that Rey was probably the way that it would happen." [36] Abrams further elaborated on this point: "Maybe it's the optimist in me, but I would like to think that anyone, even someone who does the most horrendous things, is redeemable. And certainly because his mother, Leia, is a believer that there is still light in him, it was hard to imagine that she would be wrong about him." [37] Star Wars: The Rise of Skywalker (2019) revealed that Kylo Ren and Rey were two halves of a "dyad" in the Force, which Terrio alternatively described as "sort of soulmate[s] in the Force" [38] and "twins of fate, twins of destiny". [39] Their relationship was also described as a romance by both J.J. Abrams [3] [40] and Rian Johnson, [41] [42] [4] with Abrams explaining that, during the production of Star Wars: The Force

## Kylo\_Ren Wikipedia Content

Awakens (2015), he perceived them having as much as a "brother-sister thing" as a "romantic thing" because of their spiritual connection in the Force,[3][40] while Johnson explains the intimacy developed between the two characters in The Last Jedi because of their interactions during the Force connections.[41] Johnson also explains about Kylo Ren's appeal for Rey to join him during The Last Jedi, comparing it with the love confession in the film Notting Hill (1999): "I'll say this ? the moment when Kylo makes his appeal for her to join him, and Adam [Driver] captured it so well in his little please, it was important to me that it wasn't a chess game,

### Section 7

it wasn't just a manipulation. It's unhealthy, and there's much that is awful about the way that he is manipulative. From his point of view, it's a very naked, open, emotional appeal. It's his version of, 'I'm just a girl standing in front of a guy'...the same way as when he tells his version of the story with Luke Skywalker, that's his experience of his moment." [42] Appearances[edit] The Force Awakens (2015)[edit] Main article: Star Wars: The Force Awakens Kylo Ren first appears in The Force Awakens as a warlord of the First Order, a tyrannical regime that has risen from the remains of the Galactic Empire. After arriving at Jakku to retrieve a map containing the coordinates where Luke Skywalker (Mark Hamill) is to be found, Ren kills an old priest named Lor San Tekka (Max von Sydow), and captures Resistance pilot Poe Dameron (Oscar Isaac), who has also been sent to recover the map by General Princess Leia Organa (Carrie Fisher). Ren soon learns that the pilot had entrusted his astromech droid, BB-8, with the map. Poe flees with the help of rogue stormtrooper Finn (John Boyega), who later finds BB-8, and the scavenger Rey (Daisy Ridley). Finn, Rey, and BB-8 escape Jakku in the Millennium Falcon, and are soon intercepted by the ship's former owner, Han Solo (Harrison Ford), and his co-pilot Chewbacca (Peter Mayhew). It is revealed that Ren is the son of Han and Leia, originally named Ben,[43] and was once one of Luke's Jedi

## Kylo\_Ren Wikipedia Content

pupils. He was corrupted to the dark side of the Force by the First Order's Supreme Leader Snoke (Andy Serkis), and helped destroy Luke's new Jedi Academy. However, Ren still feels the pull of the light side of the Force and seeks the strength to overcome it from his grandfather Darth

### Section 8

Vader, whose burnt helmet is in Ren's possession. Arriving at Maz Kanata's (Lupita Nyong'o) castle on Takodana, Ren captures Rey, who he senses has seen the map. While interrogating her, he realizes that she is strong with the Force, though unaware of it. Rey finds herself able to resist his powers and experience Ren's emotions, and confronts him over his fear that he will never be as powerful as his grandfather. She later uses the "Jedi mind trick" to compel her stormtrooper guard to let her escape. Han arrives at the First Order's planet-converted superweapon, Starkiller Base, as part of the Resistance's plan to destroy it. After Han plants explosives to destroy the base, he confronts Ren calling him by his real name, Ben and implores him to abandon the dark side, warning him that Snoke will kill him once he has control of the galaxy. Ren tells Han he feels conflicted, and asks his father for help, which Han promises to give; Ren ignites his lightsaber, impaling and killing Han. An angry Chewbacca fires at Ren, wounding him. As Finn and Rey leave the damaged base, Ren pursues and confronts them. Finn fights Ren with Luke Skywalker's lightsaber, but Ren overpowers and severely wounds him. Rey then takes up the lightsaber and, using the Force, begins to overcome Ren, striking him on the face with the lightsaber. Before the duel is finished, they are separated by a seismic fissure created by the collapsing base. Rey and the others escape as Snoke orders General Hux (Domhnall Gleeson) to evacuate the base and bring Ren to him to complete his training. The Last Jedi (2017)[edit] Main article: Star Wars: The Last Jedi Ren's inner conflict continues into The Last Jedi, particularly through his conversations with Rey, with whom he connects through

### Section 9

the Force. Rey learns from Luke why Ben Solo turned to the dark side: Luke had seen a vision of the destruction Ben would cause and was briefly tempted to kill him in his sleep; when Ben awoke to see Luke with his lightsaber drawn, he turned on his uncle and apparently destroyed the Jedi Temple. Rey believes that there is still good in Ren, and resolves to bring him back to the light side. Meanwhile, Ren is reproached by Snoke for his failure to defeat Rey, and Ren tries to prove himself by leading an attack on a lead Resistance starship. He hesitates to destroy it after sensing his mother's presence, but his wingmen destroy the ship's bridge, almost killing Leia. Upon Rey's arrival, Ren captures her and brings her to Snoke, who tortures her for Luke's location before ordering Ren to kill her. Instead of complying, Ren uses the Force to ignite Luke's lightsaber at Snoke's side and cut him in half, and subsequently slays Snoke's royal guard with Rey's assistance. After the guards are slain, Ren reveals to Rey his goal to create a new order in the galaxy, separate from the legacies created by Snoke and Luke, and beseeches Rey to join him. He gets her to acknowledge that her parents abandoned her, and tells her that despite her being a nobody that comes from nowhere, he truly cares about her. Rey hesitates and then refuses to join him, realizing that Ren will not turn back to the light side; the two briefly struggle over Luke's lightsaber with the Force, resulting in the weapon breaking in half and knocking both warriors unconscious. After Rey escapes, Ren frames her for Snoke's assassination, uses the Force to choke Hux until he acknowledges Ren as the new Supreme Leader

### Section 10

of the First Order, and orders his forces to attack the Resistance base on Crait. When Luke appears during the attack, Ren orders his men to fire on him, to no effect; Luke remains standing, revealing

## Kylo\_Ren Wikipedia Content

that he is only present as a Force projection, serving as a distraction to allow the Resistance to escape from the First Order. After Luke vanishes, the First Order storms the base, but the Resistance has already evacuated. Ren shares a final look with Rey through the Force before Rey slams the door to the Millennium Falcon and escapes with the Resistance. The Rise of Skywalker (2019)[edit] Main article: Star Wars: The Rise of Skywalker In The Rise of Skywalker, Ren has been ruling as the Supreme Leader of the First Order for a year. In the film's beginning, Ren searches for a Sith wayfinder on the planet Mustafar with an army of stormtroopers to lead him to the Sith planet Exegol, with the hopes of killing the resurrected Emperor Palpatine (Ian McDiarmid) as a show of his power. When Ren finds the wayfinder and arrives on Exegol, Palpatine reveals that he has been manipulating Ren and the First Order, having created Snoke as a means of turning Ren to the dark side. Palpatine unveils the Final Order, a massive armada of Xyston-class Star Destroyers built by the Sith Eternal. Palpatine offers the armada to Ren in a bid to form a new Sith Empire with Ren as Emperor on the condition that he kill Rey. Ren searches the galaxy for Rey and continues corresponding with her through the Force to discern her location. Rey has been searching for a second wayfinder; Ren tries to stop her from finding it. Eventually, Ren informs Rey that she is Palpatine's granddaughter, and furthermore, they are a

## Section 11

dyad in the Force with extremely powerful potential when joined. He urges her once more to take his hand and to overthrow Palpatine together. Rey refuses, but Ren is unwilling to kill her and follows her to Kef Bir, the location of the second wayfinder. Meeting her on the wreckage of the second Death Star, Ren destroys the second wayfinder and duels her. The duel ends with Rey impaling Ren, who had been distracted by his dying mother, Leia, reaching out to him through the Force. A guilt-ridden Rey (also sensing Leia's death) uses the Force to heal Ren and leaves aboard his ship,

## **Kylo\_Ren Wikipedia Content**

after telling him that she wanted to take Ben Solo's hand, but not Kylo Ren's. Alone on the wreckage, Ren converses with a memory of his father, Han Solo; he tosses away his lightsaber, renouncing his role as Supreme Leader and reclaiming his old identity of Ben Solo. Ben rushes to help Rey defeat Palpatine on Exegol. Rey senses his presence and uses their Force connection to give him Luke's lightsaber, which Ben uses to defeat the Knights of Ren. Palpatine then senses Rey and Ben's connection as a dyad in the Force, and absorbs their energy to restore his full power, before casting Ben into an abyss. However, Rey manages to defeat and kill Palpatine before dying from the effort. Ben climbs out of the abyss and finds Rey's inert body. Ben transfers his life essence into her, successfully resuscitating her but sacrificing his own life in the process. They both share a kiss before Ben dies in Rey's arms. His body fades away simultaneously as his mother's body becomes one with the Force at the Resistance base. The Lego Star Wars Holiday Special (2020)[edit] Main article: The Lego Star Wars Holiday Special In The

## **Section 12**

Lego Star Wars Holiday Special, Rey begins to train Finn as a Jedi while mourning Ben's demise. On the Life Day after his demise, Rey uses a blue-green crystal key from the Jedi Temple on Kordoku to open a portal to the World Between Worlds, a dimension that exists outside of time and space, and travel through time to witness the training methods of Jedi Masters past on the Life Days of different years. After being followed through time by Darth Vader (from shortly before his death during the events of Return of the Jedi), Rey loses the key to him, who delivers it to his time's Palpatine. Intrigued by the concept of knowing his future, Palpatine travels thirty years into his future with Vader to the Life Day between the events of The Last Jedi and The Rise of Skywalker, meeting Supreme Leader Kylo Ren on his ship. Attributing the duo's presence to a "Life Day miracle", Ren eagerly introduces himself to Vader as his grandson, before informing Palpatine of his

## Kylo\_Ren Wikipedia Content

apparent death at Vader's hand and his own rise as Supreme Leader of the First Order. Unaware of his own subsequent resurrection, Palpatine decides to recruit Ren as his new apprentice, bringing him to his throne room on board the second Death Star in the past with the intent of having him kill Vader and his time's Luke Skywalker after sending the former to retrieve the latter. Upon travelling through time to Palpatine's throne room alongside BB-8 and a pre-A New Hope-era Luke in order to retrieve the key, Rey is shocked by Ren's presence, who immediately engages her in a lightsaber duel upon recognising the younger Luke. After being distracted by the arrival of Vader and his time's Luke, Rey throws him into Vader, before enlisting Luke's

### Section 13

help to fight the pair; as Ren fights Luke, expressing his hatred for him, Luke expresses puzzlement as to who Ren is. Avoiding Palpatine's Force lightning, Rey is intercepted by Ren; to Rey's and Palpatine's surprise, Ren deactivates his lightsaber and invites her again to rule the galaxy alongside him, as BB-8 steals back the key from Palpatine. A saddened Rey looks at Ren, and addressing him as Ben, uses the key to send him back to his ship in his time, where Ren destroys his room in anger. Comics[edit] Age of Resistance (2019)[edit] Kylo Ren appears in the Marvel Comics miniseries Age of Resistance, part of the Age of Star Wars maxi-series composed of one-shot issues focusing on various characters from each trilogy in the Skywalker saga. All of his appearances are set prior to The Force Awakens. In his own self-titled issue, Kylo Ren #1, Ren leads a First Order battalion to victory, succeeding in conquering a planet that Darth Vader had failed to bring under the Empire's control in the past. In Finn #1, Finn briefly encounters Kylo Ren during the former's time as a sanitation worker on Starkiller Base. In General Hux #1, Ren and General Hux are stranded together on a hostile planet and are forced to put their mutual enmity aside in order to survive. Supreme Leader Snoke #1 showcases Ren's training under Snoke, who

## Kylo\_Ren Wikipedia Content

subjects Ren to various physical and mental torments in order to foster his anger and strength in the dark side of the Force. Snoke takes Ren to Dagobah, where his uncle Luke Skywalker was trained by Yoda decades before. Entering the cave where Luke once faced a spectral image of Darth Vader, Ren is confronted by similar visions of Luke, Han and Leia. While Ren vanquishes the vision of

### Section 14

Luke, he finds himself unable to fully banish the image of his parents, who plead with him to return to the light. The Rise of Kylo Ren (2019?2020)[edit] Marvel Comics' The Rise of Kylo Ren depicts how Ben Solo fell to the dark side. As a child, he is trained as a Jedi by Luke Skywalker alongside fellow students Voe, Hennix, and Tai. Voe grows jealous of Ben for his superior Force capability and Luke's perceived favoritism. On a mission to the planet Elphrona to investigate an ancient Jedi outpost with Luke and Lor San Tekka, Ben telepathically communicates with Snoke. Upon arriving on the planet, the trio encounters a group of Force-wielding mercenaries known as the Knights of Ren (after their leader). After Ren agrees to retreat, he unmask and, placing his mask on the ground, offers Ben an open invitation to the group's ranks if he ever desires in the future. Several years later, Luke apparently tries to kill Ben in his sleep. Ben fights back and is terrified when a bolt of lightning strikes the Jedi Temple, destroying it. Later that night, Voe, Hennix, Tai return from off-planet to find Ben before the burning Temple. Ben confesses his belief that he has killed Luke, and states that he intends to leave the planet. Believing Ben to be responsible for the Temple's destruction, Voe attacks Ben, leading to Hennix being injured in the melee. Ben leaves the planet on a nearby shuttle, with the trio in close pursuit. Ben goes to meet Snoke, who is scarred from a previous encounter with Luke. Snoke encourages Ben to seek out the Knights of Ren. Traveling to the outpost on Elphrona, Ben retrieves Ren's mask and puts it on, putting the pair in communication.

After mentioning Snoke, Ren invites Ben to

### Section 15

meet the Knights on Vanrak. Before he can leave, he is confronted by his fellow Padawans. Ben defends himself from Voe's attacks, and uses the Force to catch her after she falls off of a building. Hennix, believing Ben to have killed her, throws his lightsaber at Ben; in deflecting it, Hennix is bisected. Leaving, Ben collapses the bedrock around Voe and Tai and leaves the planet. Later, Ben meets with Ren and his Knights, who informs him that he will need to provide a "good death" for membership. Providing him with a black outfit, the group proceeds to the mine moon of Mimban, where Ben assists the Knights in stealing an artifact. The Knights subsequently execute a group of locals, horrifying Ben. Suddenly, Voe and Tai arrive, having followed Ben through the Force. Voe attacks the Knights of Ren, while Tai reasons with Ben over his decision to leave. Witnessing this, Ren snaps Tai's neck, killing him, and telling Ben that Snoke was wrong about him. Enraged, Ben duels Ren. Meanwhile, Rey senses Ben from across the galaxy without knowing why; Leia senses Ben's fall, and Palpatine manipulates events from afar, having apparently destroyed the Jedi Temple as well. Then, Ben impales Ren, providing him the "good death" he asked for. Ben proceeds to kill Voe with Ren's lightsaber, then turns to find the Knights of Ren kneeling before him. Later, Ben bleeds his blue Kyber crystal, cracking it in the process, and forges himself a crossguard lightsaber as the voice of Snoke asks him what his new name is. Other works[edit] Books[edit] Kylo Ren is a point of view character in the 2015, 2017, and 2019 novelizations of the Star Wars sequel trilogy by Alan Dean Foster, Jason Fry, and Rae Carson.[44] According to the book *Skywalker: A*

### Section 16

## Kylo\_Ren Wikipedia Content

Family at War by Kristin Bayer, as the son of Princess Leia, Ben Solo would have inherited the title of "Prince of Alderaan" if the planet and the royal House of Organa not been destroyed by his grandfather, Darth Vader, and Empire prior to his birth. Upon the birth of Ben Solo, he was considered a member of the Elder Houses of the galaxy, and entitled through hereditary succession to ceremonial titles, including "Supreme Governor of Birren", a small planet settled by Alderaanian explorers in the Inner Rim of the galaxy.[2][7] Through his maternal grandmother, Padmé Amidala, Ben Solo is also descended from, and related to, the Naberrie family of Naboo.[45] According to the 2016 novel *Star Wars: Bloodline* by Claudia Gray, as well as the 2017 Chuck Wendig novel *Star Wars: Aftermath: Empire's End*, due to the destruction of Alderaan, Princess Leia gave birth to Ben on Chandrila, the home planet of Mon Mothma, as well as the temporary capital of the New Republic. Ben was born in 5 ABY, one year and four days after the Battle of Endor in the film *Star Wars: Return of the Jedi* (1983).[46][47][48] Kylo Ren is also mentioned in the 2017 novel *Star Wars: Phasma* by Delilah S. Dawson, which takes place before the events of the film *Star Wars: The Force Awakens* (2015). According to the 2018 novel *Last Shot: A Han and Lando Novel* by Daniel José Older, which features a young Ben Solo, the boy was never formally raised or invested as a "Prince of Alderaan",[49] despite his mother leading the Alderaanian diaspora.[7] Out of the 2 billion inhabitants on Alderaan - with the modern-day populations of China and India having about 2.8 billion people combined - about 60,000 survived the destruction of the planet due to being outside

### Section 17

of its star system at the time.[50] One of the survivors, Cara Dune, served as a marshal of the New Republic, presumably under Princess Leia, Ben Solo's mother, around 9 ABY.[51] Dune is played by Gina Carano in *The Mandalorian*. Toys and games[edit] Kylo is a playable character in the 2015 *The Force Awakens* add-on to the *Disney Infinity 3.0* video game, with an Infinity character figurine

Disneyland and Disney's Hollywood Studios. The character appears during Star Tours ? The Adventures Continue and Star Wars: Rise of the Resistance, with the latter featuring the character in audio-animatronic form with Driver providing the voice.[73] Other media[edit] On November 28, 2019, Ichikawa Ebiz? XI starred as Kairennosuke in Star Wars Kabuki: Kairennosuke and the Three Shining Swords (????????????????????, Sut? U?zu Kabuki ~Rennosuke K?jin San-pon~), a kabuki production that re-enacted key events of Kylo Ren in The Force Awakens and The Last Jedi.[74] Reception[edit] Adam Driver received critical acclaim for his portrayal of Kylo Ren. The character and Driver's portrayal have received critical acclaim; Driver won the 2016 Saturn Award for Best Supporting Actor for his portrayal.[75] In January 2018, Kylo was voted seventh greatest movie villain of all time by the readers of Empire.[76] Many reviewers commended Ren's conflicted nature and depth, as well as his costume design, and noted there were many places the character could be taken in future installments.[77][78][79] Peter Bradshaw of The Guardian praised the character and the actor alike, saying, "He is gorgeously cruel, spiteful and capricious ? and unlike the Vader of old, he is given to petulant temper tantrums, with his lightsaber drawn." [80] Terri Schwartz of IGN also called

## Section 19

Driver's performance "spectacular", noting that "his performance adds great depth to a character who could have come off as one-dimensional, and the implications of his arc leave a viewer with plenty to think about after they leave the theater".[81] Robbie Collin of The Daily Telegraph wrote, "To describe Kylo Ren as this film's Vader would be accurate in a sense...but it would also be to undersell the deep ingenuity with which this astonishing character has been crafted by Abrams, Kasdan and Arndt, and also the wells of emotional tumult Driver invests in him." [26] Comparing the character to the one-note Vader of the 1977 film, Melissa Leon of The Daily Beast called Ren "a

## Kylo\_Ren Wikipedia Content

living battleground between darkness and light, making him a far more resonant and familiar portrayal of that struggle than we've ever seen in Star Wars...[which] makes him a far more interesting villain".[28] JJ Abrams told Entertainment Weekly, "It was a great joy to work with Adam Driver on this role, because he threw himself into it in a deep and remarkable way." [12] Todd McCarthy of The Hollywood Reporter noted, "Ren is given a pronounced inferiority complex, a clever bad guy twist that could be taken to interesting places both in the writing and performance." [82] Peter Travers of Rolling Stone wrote, "The bald-faced attempt to clone Darth Vader, one of the greatest badasses in film history, is clankingly obvious, but Driver, masked and unmasked, gives him hypnotic and haunting contours." [83] Kyle Buchanan of Vulture.com was underwhelmed by the reveal of Driver under the mask. [84] Leon, however, argued: "But that face? that of a normal, vulnerable young man? is the most subversively terrifying thing about J. J. Abrams' reimagining of A New Hope. Rather than pure evil, Ren is something far more familiar: He is human. Just like the real-life young

## Section 20

men with minds clouded by fear, hate, and anger who commit unspeakable acts in our world every day ...all the visual cues that leave the character open to criticisms of not being 'evil' enough? are all signs of Ren's struggle between the Dark Side and the Light." [28] Some viewers noted that Ben Solo/Kylo Ren's character arc shares similarities with that of the Star Wars Expanded Universe character Jacen Solo, the son of Han Solo and Princess Leia, who threatens the galaxy as a fallen Jedi and new Sith lord known as Darth Caedus. [85][86][87][88] Additionally, critics have noted a resemblance between Ren's character design and that of Revan, the protagonist of Knights of the Old Republic.
